Education

Class 10 CBSE BOARD (2020)

Class 12 CBSE BOARD (2022)

Bachelor of Computer Applications
(2022 - 2025) 2nd Year

PROJECT

Log Book For Daily Expenses C++ (2023)
College Project

The Expense Management System's goal is to give consumers a quick and easy solution to keep control of their everyday spending. The system aims to help users track their spending, view their savings, and maintain a record of their financial transactions.

Examination Management System C++
(2023)
College Project

Which exam did everyone study in which mode? they will select. A record of the marks scored by all will be maintained. Teachers can see the marks of all the student or only their own marks can be seen with the help of their roll number.

Tic Tac Toe Game using Python (2024)

Created a smooth and easy-to-use console-based interface for the game, making for a seamless gameplay experience. The project also places a strong emphasis on the ability to solve problems and understand fundamental AI techniques for two-player games.
